School Climate/Well-Being Survey 2022-2023

The Positive School Climates department, in collaboration with Inclusive Student Services, Equity, and the Accountability and Assessment departments, have created School Climate and Well-Being Surveys for students, parents/guardians and staff for implementation in DDSB Schools. The School Climate and Well-Being Surveys have been created to allow schools to assess their Well-Being goal(s) and to assist Positive School Climates Teams to gather data to inform their planning in the development of Bullying Prevention and Intervention Plans and School Learning Plans. Parents/Guardians have been asked to complete the survey.

- Participants need to complete the survey in one "sitting". While taking the survey, participants are able to go back to previous pages and update existing responses. The survey will take about 15 minutes to complete.
- When completed, parents/guardians MUST click "Done" at the end of the survey. The survey will then automatically redirect to the DDSB homepage.
- Parents/guardians who are not able to access computers at home, are encouraged to react out to the school directly.
- The link will remain active until Tuesday, February 28, 2023.
